Judge Roth's Law

Synopsis

A different kind of legal thriller. Not about a courageous defense attorney defending an innocent man, but a judge with a past. Judge Al Roth has everything going for him--great job, loyal friends, and a beautiful woman who loves him. When a congressman threatens to expose a murder Roth helped commit when he was stationed in Cold War Germany, he stands to lose everything. Roth instinctively turns to Jake Gertner, his boyhood friend in Detroit, who "I'll do anything for him. But Jake has his own problems. Unless Roth can find a way of manipulating a murder trial, Jake will get whacked by the mob himself. Fast paced story with penetrating cross-examination, shrewd backroom maneuvering, murder, and revenge.

Customer Reviews

A well written courtroom drama full of unforgettable characters that left me wondering "how close to the truth is this story"? The author forced me to stop and think about my own friendships and to what extent would I be willing to compromise values? Excellent character development as well as a story that held my interest to the end! I want to know more about certain characters and definitely

looking forward to the next book or sequel! A winner and a fan!

I live in Orange County and loved this book. I live close to the courthouse where the trial takes place. The book's main character, Judge Roth, is a guy with a shady past. When someone tries to blackmail him into giving a criminal no jail time, he knows how to fight back. There's terrific courtroom scenes, lots of brilliant cross-examination and back and forth between the lawyers and Roth. You can see what's really going on in a trial. I couldn't wait to get back to reading it. You will enjoy this book. The writing style is very good.

It was a gripping tale in that I could never imagine anything such as this could happen in court or behind the scenes. Once I started reading, I simply couldn't put it down. I liked the characters and found that some of the time I was actually rooting for the bad guys. I also liked the insight into the legal system. For a first novel it was outstanding. You will enjoy it.

If you like Crime, Courtroom Drama and Mystery you will love Judge Roth's Law. Sage certainly knows his way "ALL" around a courtroom. The no nonsense judge with a twist, the corrupt characters, and even a little romance were all delivered with suspense. A good fast paced read certainly kept me turning the pages. Looking forward to new work from this author. Jean O.

Loved the characters, loved the storyline. I would recommend this book for those who like courtroom and mob drama. Great book!

Entirely predictable. Characters larger than life and not interesting.

This book draws you back over and over. Judge Al Roth's best friend, Jake is an old military buddy and mobster. He is a very creative mobster who takes care of Al's problems. They will keep you on the edge of your seat as Al makes a master plan to control the outcome of a very serious court case. The book is well written and is filled with exciting action. Very enjoyable!!!

Husband read this book. He liked it.
