Kala's latest book is a must-have for anyone who has ever been curious about those "gut feelings" they have or the "little voice they hear in their head". And it's definitely for anyone who is interested in developing their psychic abilities. Not only is this book full of important knowledge related to awakening your abilities, but Kala also provides us with actual exercises to hone and jump start our abilities. Her chapter on empaths was especially fascinating and helpful to me personally. HIGHLY recommended.

I enjoyed this perspective tremendously. Although quite positive, Kala did not shrink from educating us on the cautionary aspects of darker encounters while when most authors ignore its existence. She offered more than the traditional white light as protection and thoroughly covered empathy, which is rarely done well. I wish I'd had this book way back when I began seeking.

In this book it helps explain all of the different abilities of being a psychic. It's helped me understand what has been happening and it's helping get stronger and learn how to control my abilities and open up new ones. This book will be one I keep and look back for answers. Thank you Kala.

AWESOME READ FOR EVERYONE! Kala Ambrose is such an amazing soul! She does so much great work and love that she shares what she has learned through her journey. I love her radio show and her books and this is a great book. I learned many new things from the Awakened Psychic. If you are new to spirituality or have been studying for a while, I guarantee that you will learn something new.

This was such an amazing book. Since reading, I have found myself paying more attention to my gifts. My daily practice now includes surrounding myself in white light which has helped with protection. I also have found asking my guides to slow down their vibration has allowed me hear meaningful and relevant messages. Thank you. I am looking forward to reading your book on Auras.

Very interesting book but not as informative as I would have liked.

Brilliant book! Highly recommend it! Kala is a wise and gifted teacher.

Good info. Learned some new things. Well written and a good buy.
