These legal briefs make law school so much more understandable. The rules that are distilled out of every case aren't always the rule that the professor keys in on, but more often than not, it is. And it is quite helpful when preparing for class to have the essence of the case laid out for you. I would recommend these for every class, but particularly for Business Organizations. I will usually get a previous edition of the textbook (to save tons of money), then get the Casenote Legal Briefs for the current edition so that I can get the jist of the few cases that are not included in the previous edition of the textbook. These are certainly helpful, and I definitely recommend them for every student.

Every law student knows the fear of getting cold called but with this book you can easily reference the case you were supposed to read. This book gives you the ability to answer your teacher's questions while pretending that you might actually be learning something in law school besides what cripplingly debt is. It has saved many friends of mine, whether it be for preparing for class or an upcoming exam.

I got an A in this class and only read through maybe 1/2 of my textbook. I did find some holdings/take away from case not correct. Therefore, I recommend using this book as your professor is going through the textbook and making notes within this book on what the professor actually cares about. The facts are correct and can save you a lot of time in preparing to be cold-called.

Great study tool. Most casenote legal briefs also have an outline, this does not (reason for 4-star and not 5-star).

Awesome little summaries of some very dense cases. Helpful to me as I was cramming for Corporations. I suggest pairing it with Legalines or some similar outline book.

You get a variety of case summaries, it's an excellent reference resource for paralegal work and study. I am very pleased.

If you are taking business associations or corporations and using the Klein book, this does a pretty good job of giving you the main point of each case. By the end of the course, I was relying almost exclusively on these briefs.

great series. fast shipping
