Black's Law Dictionary, 7th Deluxe Edition

Synopsis

Completely revised in 1999, the Seventh Edition of Black's Law Dictionary is the premier legal reference resource. This edition contains over 24,000 definitions, 4,500 of which are completely new to the Seventh Edition. Helpful extras include a list of legal maxims, the U.S. Constitution, the Universal Declaration of Human Rights, a time chart of the United States Supreme Court, a Federal Circuit Map, and British Regnal Years. This Deluxe Edition is handsomely bound and features easy-to-use thumb-indexing.

Customer Reviews

Acknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.

The book is self explanatory and an excellent source for legal references. It helps me understand legal jargon. In my opinion its the best legal dictionary in print.

This book is indispensable for those who deal with any type of legal matters. The first day I owned it, it clarified a local government issue with which I was involved. It's definitions are succinct and

appears to be as complete a volume as is available. I highly recommend this book.

Black's is widely regarded as the ultimate authority for the definition of legal terms. I bought the leather-bound version on the first day of law school, but never used it once. (A law student can get by with a paperback legal dictionary.) However, I HAVE used this book as a practicing attorney. I once used it as authority in a brief, and the judge actually relied on the Black's definition to justify his order in my favor.

I've perused this and find it a poor substitute for the original tome--no doubt this abbreviated paperback version will be of some use to the cost-conscious student or the briefcase-toting lawyer, but it cannot compare with the cultural and linguistic treasure-trove to be found in the 10-pound hardcover version. If you buy this, you should still plan on buying the Real McCoy!

This is THE dictionary. If you are studying law or you are a translator (which is my case) in search of the best dictionary, cease looking, this is the book for you. I'm 100% sure it will never let you down. One last piece of advise: don't be cheap and buy the deluxe edition, it's black hardcover looks great in your bookshelf....

Magnificent, comprehensive dictionary, covering definitions thoroughly. Also contains legal maxims (latin), which are very useful, and a copy of the U.S. Constitution and the Universal Human Rights Declaration. A must have for any lawyer, or anyone whose activities involve the law (basically everyone).

As a non common law lawyer that has to make translations of common law contracts and draws, this is the most valuable tool you may have to do the job right, and to understand the similarities and differences between law systems. Is really the first book a bilingual lawyer should have.

Excellent condition.. Working out well so far ;)
