This cookbook has a nice spread of different things to try. Not overly helpful in method, with cheeses that can be an issue. Good starter with a little help from the internet.

I inherited a fondue set with no idea what to do with it. This book is FULL of great ideas you'll never find on the net. Bought the book used - I can't find any evidence of use, much less abuse. Perfect condition. I hope I don't mess it up , -)

This has such great recipes, and such a wide variety! Love hosting parties with this as a guide for fondue/ shabu shabu (aka hot pot), sauces, dips, etc.

More than just fondue! Delighted with the marinade ideas, broth "fondue", and hot pot recipes. This cookbook has been a great idea starter too for family dinners where we talk over the fondue pot.

I bought this book to go along with the fondue set my friend registered for for her bridal shower. She loved it and uses it when she has company and makes fondue. The illustrations really bring the recipes to life.

I think this book is great. I love some of the broth recipes. I will be using this a lot more. Some really different recipes that I can't wait to try.

great book full of a lot of recipes. some basic recipes and some more entailed

Great recipes that taste like the fondue that you might have had in Switzerland. I haven't made it beyond the basic because we love it so much. I am looking forward to many of the other recipes included!
