50 Easy Party Cakes

Synopsis

Crammed with ideas for creative cakes, *50 Easy Party Cakes* features a stunning range of colorful designs. If you are planning a party, and are pushed for time, then look no further! This collection of striking yet simple cake designs is guaranteed to provide an easy solution to the problem of creating the perfect cake for any birthday party or celebration. Debbie Brown combines her exceptional flair for color and design with her unique fondant modeling skills to simplify her eye-catching cake designs, some of which you may have never dreamed you could achieve. This cake cookbook is filled with cakes which will appeal to children of all ages. Instantly lovable animal cakes include a Friendly Frog, Sporty Spider and Noah's Ark, while the Fairy Toadstool, Dotty Dragon and Alien Spaceship are among a number of fantasy ideas. Sports fans will enjoy the Soccer Player and Formula 1 Car. Keep older children entertained with the Glitter Bag and Make-up, meanwhile younger children will adore the Playful Kitten on a Ball of Wool and the Cute Yellow Chick. Ideal for beginners and experienced cake makers alike, each easy-to-follow cake recipe is clearly illustrated with step-by-step photographs and a full-page color picture to guarantee success every time. Party cake recipes include: Formula 1 Car, Playful Kitten, Farm Tractor, Little Bo Peep, Skull & Crossbones, Dream Castle, Alien Spaceship, Cute Chick

Customer Reviews

"Each cake recipe is explained very clearly in her step by step instructions accompanied with colour photos. I really enjoy using this book as it comes with so many ideas for me to try out!" â "ET Speaks from Home blog

Debbie Brown is an accomplished cake decorator, author, and teacher who has written several successful cake decorating books, including *Enchanted Cakes for Children*, *Debbie Brown's Magical Cakes*, and *Cartoon Cakes*.

When I ordered this book, I figured it had the same cakes that are shown in other cake decorating books, with very minimal instructions. It was on my doorstep two days after ordering. I was so surprised when I looked through this book! Each cake has very descriptive instructions and a list of needed ingredients and supplies needed to construct the cake. Definitely a book that could be used by beginners! I will be using this book for many years to come.

I enjoy Debbie Brown's cakes and looked forward to obtaining this one. It has a lot of whimsical cakes but I was a little disappointed. Most of the cakes are for very young children and I had hoped for more cakes that could be used for any age. That said, the cakes in this book are a bit easier than in some of her other books. Anyone with a little knowledge of fondant should be able to easily make them. They are all in fondant so if you do not like to work with it I would not recommend this book. As usual, the instructions are generally clear and with sufficient pictures. Although I was disappointed, it was solely because of the age factor. It is an excellent book and, if you are looking for a lot of great ideas for cakes for young children, I would highly recommend it. The star off is solely for not making it clearer that it is a book for young children.

Bought this as a gift for my teen daughter, a budding and talented cake decorator. The gift worked out well for me too as I was the recipient of some baked goods she had gotten ideas for from the book!

I ordered this book knowing that it was all about fondant, which is the medium I prefer. I also ordered it knowing that most (though I would argue not all) of the cake ideas are geared toward kids. If you are looking for inspiring ideas to dazzle a crowd at a kid's birthday party, this is a good idea book. Some of the designs are really over-the-top and probably more for the advanced decorator, but several are doable at the intermediate level. I would consider myself intermediate and aspiring to stretch my skills, so I think this was a good purchase. Little Bow Peep, Shopping, a clown, a babydoll in a stroller, a make-up themed cake, and dog with a bone are a few of the ideas that seem like winners to me. I also think that even if I don't use the exact ideas, I will pick up on a

few new techniques that will come in handy for fondant cakes. If you are looking for "easy" and quick cakes, this is not what you are looking for. Also, if you are creative enough to come up with your own designs, you probably don't need this book. But, if you are like me and prefer to see a design and then attempt it, this is a good buy. I only gave it four star because some of the designs are a bit random (e.g. Noah's ark, dolphins, and an owl) or predictable (e.g. a flower cake).

The cakes in this book are a great introduction to carving 3D cakes and covering/decorating the 3D shapes in fondant. All the cakes are super cute, easy to reproduce, and not overly time-consuming to complete. I have made many for the cakes in this book just to help develop my skills in 3D carving and covering non-standard shapes in fondant. This is a great book if you want to practice your fondant skills, and as a bonus to improving your skills you get a super cute cake to share.

I had never baked a cake shaped like anything before, but I gave the dinosaur cake a try. It turned out to be quite impressive! If I can impress my brother-in-law with my baking, then that's saying something. It was really easy, too! The cake recipe that I used in the book turned out very dry, though. The second time I baked a cake shaped like a toolbox using the plans for the jewelry box in the book, I used a pound cake recipe from another cookbook, and it turned out much, much better. So I would use this book for decorating ideas and strategies but not for the cake recipes.

Really enjoyed looking through this book and it was in EXCELLENT condition! Could also be done with figure piping and regular frosting with many of them. My grandchildren will really enjoy these. They would also enjoy working with the sugar clay too! Fun memories and something to enjoy thru their lives. (My own children - sons and daughters - even make cakes for their offspring now. The boys enjoy the amazement in peoples faces when they see them - and they are all boy.

Great colors and explanations. Got it for someone who does cakes like this as a small business and it is full of ideas and easy to follow instructions.
