## Customer Reviews

For those who adore entertaining, it's a labor of love. We focus on the tiny details that the majority of our guests don't notice. We bend over backwards to make everything perfect. And those who don't love entertaining will never "get it." . . . I would recommend *The Vintage Sweet Book* for any candy making enthusiast for sure, but also for any hostess who loves to find fun ways to add a little fun, a little whimsy, to their parties. That's how I feel about the absolutely beautiful new book by Angel Adoree. Except her labor of love is candy making. (Amanda Jayne Planning It All, March 26, 2014)

Angel Adoree runs the London based 'Vintage Patisserie' which offers bespoke retro tea parties from a bygone era, delivering everything from music, makeovers and - of course - a customized menu of tea party treats that elevate any function into a swanky soirée. Vintage Patisserie is famed for its start-up investment granted by BBC's Dragon's Den. She is also the author of the hugely successful The Vintage Tea Party Book.

I love this book. The illustrations are charming. Some of the recipes require a little more effort than I am used to putting into my cooking but they are still fun to read. The book also includes some enjoyable vintage crafting ideas. Both a recipe book and a fun coffee table book. Very enjoyable!

Although many of us now rely on the internet for recipes -- this is one cookbook worth having! Its design and its vintage recipes are unique and exquisite. This is the perfect gift for anyone who loves to make special desserts and try unusual recipes -- even has instructions for making old-fashioned candied violets for cake decorating!

Love, love, love these beautiful books. There is nothing more I can say. Thank you Angel Adoree.

this book is so fun -- so much more than a cookbook. lots of fun ideas. love the recipe for whisky balls (hard candy). has a real vintage flavor. you could throw a great cocktail party with all the great ideas in this book.

Welcome to the whimsical world of Angel Adoree and the delightful illustrations of Adele Mildred! If you are an anglophile and/or love vintage this sweet book is for you. Lots of fun recipes and ideas all put forth in the most stylish way. Brilliantly charming all around!

Loved so many of the recipes in this book, because they can't be found anywhere else. If you grew up eating tins of boiled sweets and burnt your tongue on too many acid drops, reliving your childhood is within reach with this book and a candy thermometer.

I am a fan of all the Vintage books written by Angel Adoree.. This book is really "English" in that the recipes are truly very "Brit". The pictures and illustrations are so darling. Its a treasure for anyone who loves to make candies or just adores anything British. Fun to just look through too!

My daughter really like this book.
