Avoid the delays and disappointments that stand between you and your goals by recognizing the right and wrong ways to use metaphysical and mystical principles. Spencer was a founder of the Ancient and Mystic Order Rosae Crucis (AMORC), a modern revival Rosicrucian order headquartered at San Jose, California. Lewis was born in Frenchtown, New Jersey, November 25, 1883, of Welsh ancestry. In 1904 Lewis founded and served as president of the New York Institute for Psychical Research. The institute specialized in occult studies with emphasis on Rosicrucian teachings. The AMORC was organized in several stages over the next years, and by 1917 held its first national convention in Pittsburgh, at which Lewis established his plan to develop correspondence courses. AMORC taught philosophical and mystical practices in order to develop the latent faculties of man, and it sold literature by mail order. Lewis himself authored the basic set of correspondence lessons and a number of the books published by AMORC.

Dr. H. Spencer Lewis is the author of several books, including The Mystical Life of Jesus, The Symbolic Prophecy of the Great Pyramid, Mental Poisoning, Self Mastery and Fate with the Cycles

of Life, and others. Until his transition in 1939, he was Emperor of the Rosicrucian Order, AMORC. For many years, students of mysticism and philosophy have been fascinated by his timeless writings. His simple, straightforward style reveals a keen insight into the age-old mysteries of life.

An eternal book. Dr. Lewis was a laborious and generous man. His intent at the first half of Twentieth Century was to give to the whole mankind some principles that could enable everyone to live in harmony with Natural Laws not well known at that time and maybe even today as we can see reading his books like "Mental Poisoning", another of his luminous works with the ability to free every soul from superstitions, false beliefs and the bad influence - sometimes unintentional - from opinions and psychological harassments we, sometimes live surrounded by.

The title "Principles for the Home and Business" got my attention so I got this book. I am rather disappointed however with it. It's very lengthy, is unattractively presented and the language style is difficult to read! There are some truths in this book but they one has to search hard to find them, reading this book is a real turn off. I liked this phrase that says: one person's wealth maybe another's burden. I also like the idea that the purpose of work is to earn money for ourselves and the benefits of others. The alternate for me would be a more concise, attractive and easy ready book instead of this.

its a great little book, but does it pack a punch. so much to learn from. this would be one of my most prized Rosicrucian books I have in my collection. has practical information that we can use in every aspect of our lives, I can make the right decisions and plan for the good times and the bad times.

The title is an accurate description of the contents of this book; it is a discussion on the Rosicrucian principles for home and business. Overall this book is an interesting look at how we may utilize natural laws to optimize our personal and professional lives. A very straightforward and easy read.

good

Learn the brutal truth about affirmations. Learn how to appropriately put your request out to the universe to be answered. This is an outstanding book that you will want to read and reread.

Each chapter left me with valuable bits of information on how to conduct myself in the working world, and im forever grateful for it.

The book provides a practical outlook on how we should conduct ourselves in order to attain emotional and economical fulfillment. My review does not give enough information for you to grasp the concept so I advise that you just read the book.
