MARK BITTMAN is the voice behind the the popular *New York Times* weekly column, "The Minimalist," and three Minimalist cookbooks. Bittman has been the host of several PBS series and appeared on countless radio and television shows, most recently including the *Today* show, NPR, and the Food Network. His weekly video series on the *New York Times* website is a favorite among at-home chefs, and his opinion and op-ed pieces have garnered Bittman an influx of interest and attention from his fan base and the media at large.

I had no idea this would be so little... and cute, as I ordered in haste without even reading the reviews or book details; I get just about anything by Mark Bittman. I miss his column in the *NYTimes*

so much... Four little hardbound volumes: Vegetables, Meat, Fish & Poultry, Small Plates & Soups, and Pizza, Pasta & Grains, all in a sturdy slipcase. There are no photographs, but the recipes are typically Bittman easy-to-follow in a clean, well designed layout. Small easy to read typeface, well-spaced, but did I mention, small? Two-pages for each recipe, index in the back of each, pages for some notes, about 96 pages in each book. Recommend reading through first. Great for stashing in one's handbag for transit-reading while deciding what's for dinner on the way home.

If you pay attention to the word "minimalist" you won't be disappointed. (These are very brief tastes of Bittman's massive cookbooks.) Would be a nice gift to someone who doesn't have time to search the larger versions of his collections.

A nice collection of simple recipes from a well-known cooking author. Makes a good gift for friends beginning to expand their cooking skills beyond preparing prepackaged foods and can serve as a starting reference for more experienced cooks in preparing quick and easy meals at home.

Recipes are for very simple foods, hence the "minimalist", guess I was expecting tastier fare with easy prep. This would be good for someone who wants or needs basic cooking skills.

Nice choice of basic contemporary recipes but photos and/or illustrations really help a good cookbook be a bit more enticing! I do like the compactness of it...too many cookbooks can only be read on a coffee table or online these days.

Quick, easy, healthy and delicious recipes. For people in a hurry who wish to eat healthy. Mark Bittman is the best!

I love these books - so fun and easy to make healthy meals and side dishes...

Could be a few more simple recipes....
