Customer Reviews

I have an embarrassingly large collection of Pesach (Passover) cookbooks, more than one for each day of the holiday, so I was a little hesitant to spend so much money on a new one. I went ahead and ordered it because the reviews were great and it looked so lovely. The book arrived less than a week before the holiday and it hasn't been out of my kitchen once. The recipes are high quality without being complicated and don't use a lot of processed (and hard to find) products. I highly

recommend this as an addition to your cookbook collection.

This was the first time I cooked for passover and this book made the experience so enjoyable and fun. I used about 10 recipes from different section of the book and they were all easy to follow and came out delicious. Thank you so much!

I love the booklets received each year so much when this came out I got 4, 2 for myself and 2 for gifts. It's great to have the recipes I love in one book so I don't have to keep track of each booklet. I have not yet found a single recipe that didn't work so this is a definite favorite for Pesach and year round.

I love this cookbook! Such great recipes. There are lots of nice tips included as side notes, which is very helpful. The recipes are tasty and not very cumbersome. A definite keeper.

This book contained a good variety of recipes (mostly non-gebrokts with a small gebrokts section). Most of the recipes have easy to get Pesach ingredients and don't contain an excessive amount of steps. The small gebrokts section in the back also has great recipes! I would highly recommend this book!

A must have for any kosher home. Most recipes are delicious year round. I love the fact that none of them use matzo meal!!! I am so thrilled that this yeshiva put their recipes together in this beautiful book.

This is a great cookbook, and not only for Pesach. I showed it to my daughter from out of town who came in for the holiday. She is totally into "gluten free" and when she saw that all the recipes were gluten free she stole my copy to take home, lol !

This is a beautiful book and very well written. Easy recipes and look forward to many years of using this book.... I would buy again as a gift or even for family members.
