Fix-It And Forget-It Revised And Updated: 700 Great Slow Cooker Recipes

Synopsis

A New York Times Best Seller! The book has already sold more than 5 million copies, so we didn't want to spoil it! We have only added a few enhancements to this original cookbook in the wildly claimed Fix-It and Forget-It cookbook series: 1. Brand New: 100 new recipes for slow cookers. 2. Brand New: Prep Time, Cooking Time, and Ideal Slow-Cooker Size are included for each recipe. 3. Brand New: 4 pages of basic and very helpful Extra Information: Substitute Ingredients for When You're in a Pinch; Equivalent Measurements; Kitchen Tools and Equipment You May Have Overlooked; Assumptions about Ingredients in Fix-It and Forget-It Cookbook, Revised and Updated. 4. Brand New: 1 page of Tips for Using Your Slow Cooker: a Friendly, Year-Round Appliance. 5. Brand New: Additional tips and tricks for making the most of your slow cooker, spread throughout the book. 6. Brand New: A second color; a rich purple; for recipe titles, contributors' names and addresses, the words Tip and Variation, and the numbered instruction steps. 7. Brand New: The drawings on the opening pages of chapters and the spot illustrations throughout. 8. Brand New: 1 page of tip-in color, right inside the front cover. 9. Brand New: 2 pages of review excerpts to position the original book's success, immediately following the tip-in page of color. 10. Revised: An improved Index! 11. Revised: A personal Introduction to the book by author Phyllis Pellman Good. 12. Revised: Good's personal comments and voice throughout the recipes. We've learned a lot since the original Fix-It and Forget-It Cookbook first quietly appeared. Now you can benefit with this new edition of the beloved favorite! Fix-It and Forget-It Cookbook REVISED and UPDATED Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Customer Reviews

Slow cookers are having a comeback. With good reason. They are friends on a day of running errands. They allow easy entertaining with no last-minute preparation. They are miracles for potluck meals, whether in your home or someone else's. And vegetarians won't find a better way to work with dried beans. Slow cookers are gentle with the food budget--less expensive ingredients flourish in their slow, moist heat. Fix-It and Forget-It offers more than 800 recipes--the whole range of recipes slow cookers do well. Tips and Hints are dropped in throughout, urging one additional small step for lots of extra flavor, offering ways to make your cooker a complementary appliance, explaining seasoning to maximum effect. Bring an element of simplicity--and quality--to your pressured life! Let your slow cooker work for you. --This text refers to an out of print or unavailable edition of this title.

Phyllis Pellman Good is a New York Times bestselling author whose books have sold more than 11 million copies. Good is the author of the nationally acclaimed Fix-It and Forget-It slow-cooker cookbooks, several of which have appeared on the New York Times bestseller list, as well as the bestseller lists of USA Today, Publishers Weekly, and Book Sense. The series includes eight titles. The most recent are Fix-It and Forget-It Pink Cookbook, to benefit the Avon Foundation and Fix-It and Forget-It Diabetic Cookbook, Revised and Updated, with the American Diabetes Association. Good is also the author of the Fix-It and Enjoy-It series, a series to the phenomenally successful Fix-It and Forget-It Cookbooks. Phyllis Pellman Good is Executive Editor at Good Books. (Good Books has published hundreds of titles by more than 135 authors.) She received her B.A. and M.A. in English from New York University. She and

her husband, Merle, are the parents of two young-adult daughters. For a complete listing of books by Phyllis Pellman Good, as well as excerpts and reviews, visit www.Fix-ItandForget-It.com or www.GoodBooks.com.

I have the FI & FI Cookbook for Entertaining and have used it with many successes for years. This new FI & FI Cookbook is improved with very helpful slow cooker size recommendations. Easy to compare similar recipes and add or subtract ingredients to your taste or creativity.

My mother bought me a fix it and forget it cookbook for college and I absolutely love it. I bought this one for my sister in law and brother so he doesn't starve!!!

I bought this as a gift for my wife. She loves the recipes that are in it. They are easy to make and use ingredients that we almost always have on hand. We have been using our crockpot all summer so that we don't have to heat up the whole oven and every recipe from this book that we have tried has been excellent.

I think this is a great slow cooker cookbook! It has a lot of recipes, and sometimes several variations of similar things (like several different stew recipes, several different beef stroganoff recipes, etc). It must have a few hundred recipes or more. Each page has probably 4 or 5 recipes on it- it's really a LOT of recipes!! I like the variety and choice. It appears the recipes were submitted by individuals, and I find most of the meals are more 'traditional' meals. Many of the meals are hearty and heavy, and probably not the most health conscious, but they definitely remind me of the kind of meals I grew up eating. Most of the recipes involve very little prep work, and you can just sort of throw the ingredients in and go. Some slow cooker cookbooks have you cook and prepare for 1 1/2 hours before you even start slow cooking- and that sort of defeats the purpose for me. I slow cook because I work a 9 hour day and commute 1 1/2 hours each way. After being gone 12 hours, and getting home late, I can't always cook a full meal. These recipes are so easy I can throw the ingredients in the slow cooker at 10pm at night and put the slow cooker in the refrigerator overnight. Then, the next morning, I pull the slow cooker out of the fridge, plug it in and go to work. Dinner is ready by the time I get home. This is a good beginner slow cooker cookbook. It doesn't have anything in it that I would call innovative or groundbreaking, but it's a good place to start. I have some other cookbooks with more unusual recipes in them (for example "Not Your Mother's Slow Cooker Cookbook") but I still prefer this one for just your basic slow cooker meal.

Only used maybe 5 recipes out of this book. Better off look on the web.

I had this cook book and lost it. So glad to have it again. I use the internet a lot for recipes but this is easier for a quick reference without getting sucked into the world of the WEB and all the reviews etc. Sometimes you just need a cook book. It has all the crock pot basics you need.

Great cookbook

Recipes are quick and easy . Gotta love the slow cooker
