Forbidden Science 2: California Hermetica, The Journals Of Jacques Vallee 1970-1979

Synopsis

THESE THINGS REALLY HAPPENED AND SHAPED THE WORLD IN WHICH WE LIVE With the end game in Vietnam and the turpitudes of Watergate in the background, the major topic of this second volume in the journals of Jacques Vallee is paranormal research. Vallee relates his behind-the-scenes experiences in California during the 1970s as the Human Potential Movement emerged, the Internet developed, and parapsychology secretly entered the physics laboratory. And all the while, as Vallee continued his examination of UFO encounters, the links to older mysteries became increasingly clear.
