# The Old Corps (The Old Corps & No Better Way To Die Book 1)

## Synopsis

The first of a two book series about the life and times of a United States Marine who fought in 3 wars. His sacrifice and the men around him and the wife he loved was quite often more than just blood. Based on real Marines and real combat the life of Gunnery Sergeant Jessie Slate will make you proud of America and proud of the Corps.

## Customer Reviews

Outstanding book, ever since Johnnie Clark wrote his first book "Guns Up" he has been on the stage as a great author. This book is historically accurate, from the weapons to the tactics and the battles. Personally I didn't like the ending, but that's life. (Iron Horse Marine)

Another well written story - the best part is the author putting inside what the corps of marines is really like, unless you've been there you can never know. One minor gripe. Chaplains, and medical services are provided to the marines by the US Navy.

Very good book. Read it in one sitting.

This is a very sweet book about a very tough marine's life. There is humor, heartbreak and adventure exploring the man's life in the service of his country.

Pretty good read. Lots of combat detail..

Good reading for any one who follows the Marine's and what they stand for.

Love reading Johnnie Clark's books, he is all Marine and writes great books about Marines and this book is a story of the life of a young man before and during his life in the Marine Corps, World War Two thru Vietnam, good times and bad and loss of innocence. Great read.

excellent, purchased no better way to die and am loving it also.
