Customer Reviews

I love the recipes and already made a few of them

I ordered this book along with my kitchenaid ice cream machine attachment. After all, who doesn't love their stand mixer? I had been buying ice cream and frozen desserts from the grocery store my entire life; now I can make my favorite flavors at home. I started out by making the va va voom vanilla. It was good and creamy. I also have made dulce de leche, chunky chocolate mint, butter pecan, last night made chocolate mousse, and am looking forward to making my favorite, cookies and cream. All have worked out well. The butter pecan is the best butter pecan I've ever tasted, by far. The recipes are extremely easy. It's surprisingly easy for the how good the ice cream is. Many of the classic recipes, are found here. What will I try next? There are some great looking sorbets and those recipes intrigue me. I'd recommend this book to all ice cream makers, from the novice to the connoisseur.

Received this book today! Is excellent but mostly all the same recipes I have were identical in my Complete Cuisinart Ice Cream Book. Multiple identical recipes except this book is adapted to the Kitchenaid mixer. How did I get so fooled??? The authors of both books are different names, so expected different recipes; assuming each book was different. Was I wrong! They are written by same person. The inside sheets are identical in looks, typo, etc. So either buy one book OR other, not both. One of the books are worthwhile, but you don't need both.

This book has a plethora of easy to use recipes. The variety of ice cream, sorbet, and gelato recipes is outstanding! I have a conventional ice cream maker which works for these recipes but I can't wait to purchase a KitchenAid ice cream attachment for my mixer. It will make it so much easier than the messy rock salt and ice freezing method I've used before. If you have a favorite flavor, the recipe is

likely found in this book!

I've had my kitchen aid mixer ice cream freezer attachment for several years now & previously used it once. Now I've got a lot of reasons to dust it off & enjoy some of these amazing recipes!
