## Synopsis

The Paleo Method is a way of experiencing life with joy, vitality, renewed health, vigour and happiness. SPECIAL PRICE TODAY. (Time Limited Offer!) 500 Mouthwatering and Delicious Recipes for you and your family to enjoy

One of the most important discoveries in recent years has been the discovery that our health is intimately connected to what we eat. We now know that our health and wellbeing are directly connected to our choice of food. The consequences of this discovery have been far reaching and continue to inform medical opinion about the importance of diet. As researchers reveal the connections between highly-processed food and the explosion in obesity rates, cancer, diabetes and heart disease, we now understand that a more natural, un-processed diet can reverse years of harmful eating and restore health all the way down to the cellular level. Today, it's become possible to eat ourselves into a healthier, fitter and slimmer condition. And the champion eating style that continues to receive the greatest support amongst nutritionists is the celebrated Paleo Diet. Paleo is the best interpretation of how our distant ancestors adapted to their environment. Our bodies still reflect those early eating habits and the fact is that most of us simply haven't adapted to the highly processed foodstuffs that make up the modern diet. Give your body the food that's best suited to your needs, and your body will flourish, prosper and feel amazingly well. It's natural. It's easy. And it feels fantastic. It's also one of the most effective ways to lose weight - permanently. Paleo offers an incredible range of tastes, flavours and textures so it's incredibly versatile and adaptable. There's food aplenty for every possible taste. But now you can combine the healthiest, most natural choice of ingredients with the joys and convenience of the ever-popular Spiralizer and the brilliant aid to daily cooking - the superbly efficient Air Fryer. ## **Customer Reviews**

The book is well written and very informative. Anti inflammatory diet is definitely one of those diets which I have been wanting to try for quite some time but I couldn't wrap my head around it. That was until this book came along and so far I have understood the diet and I am applying it. The recipes taste good. It's the best tool I have for making the lifestyle change I want to make. I've already recommended it to my friends.

The author, Mercedes del Rey, lives on an island in Spain and that alone makes me envious.

Merche (her friends call her that, but after reading her book, I feel like we're friends) grew up in Spain, but traveled to the US, China, India, Africa and South East Asia. She's brought a little bit of all those cultures into her writing and philosophy. I make an endless array of anti-inflammatory dishes and this book did appeal to me, for that very reason. It is filled with tasty anti-inflammatory recipes, that I have not seen elsewhere. Plus, I Love Spiralizing. I honestly don't have an Air Fryer, but would love to get one. If I can just talk my sister into it. She thinks I have "Way Too Many Gadgets and Cookware" It didn't help that the roofers came in, looked around and said, "Do you have a catering business?" "No, Why?" "Because I've never seen so much cookware, that ceiling rack and those food processors." My sister told them I had more in a room in the basement. My sister decided I have too much stuff. So, whenever I can soften her up, I'll get an air fryer. I think I'd like one of those. She just walks around, looking at things, "What's that thing?" "That's a truffle slicer. I need that. You never know when you'll have an expensive truffle and they need to be thinly sliced." She doesn't understand the needs of a gadget junkie. OOOH!! Loved it, when Bento boxes came out. So, back to the meat and potatoes of the book (that's rhetorical) The book contains over 500 recipes and that is a bunch. I plan on using many of the recipes. There are 500 recipes to choose from, including: Pastas, Salads, Main Dishes, Pizzas, Muffins, Burgers, Deserts and More. Here are just a few of the interesting looking offerings: Nutritious Cauliflower Burgers, Healthy Tuna Croissant, Blueberry & Yogurt Muffins, Exotic Turkey & Egg Breakfast Burrito, Bacon & Cheese Muffins, Crunchy Zucchini Fries, Chicken Kiev, Spicy Chickpea & Courgette Burgers, Coconut Shrimps, Lemon Biscuits, Pecan & Cranberry Granola, Smartie Loaded Cookies, Tasty Alien Shrimp, Mongolian Chicken, Cheesy Shrimp Zucchini Pasta, Delish Rainbow Roasted Beef Pasta, Alien Salad, Magic Zucchini Tuna Salad, Delicious Crab Sticks, Roasted Veggie Pasta Salad, Fresh Herbed Ratatouille, Fresh Greek Pork Salad, Sunday Turkey Lasagna, Hawaiian Zucchini Pizza, Crunchy Fruit Tacos, Green Kale Smoothie with Mango. This book was not penned in a weekend. It contains "717 pages" and a vast amount of knowledge. I'm rarely impressed by books, but this one was the exception. The author has done a fine job and I congratulate her. Needless to say, I recommend the book. Thank you for reading my review.

Very informative. So much to read and great recipes. Anti inflammatory diet is definitely one of those diets which I have been wanting to try for quite some time but I couldn't wrap my head around it. That was until this book came along and so far I have understood the diet and I am applying it. I've already recommended it to my friends.
