The Air Fryer Cookbook: Deep-Fried Flavor Made Easy, Without All The Fat!

Synopsis

Air fryers are hot new kitchen appliances that use forced hot air to "fry" foods without oil. This is a huge boon to home cooks who love the flavor and texture of deep-fried foods, but hate the fat, calories, mess, and danger that accompany frying foods in a vat of hot oil.

If you are new to air fryer cooking this book will help you along.... Lots of idea's to get you started and some unique ones for the more adventurous. Approx 70 recipes of appetizers, main dish, sides, fries and chips and desserts. I found the sauce recipes unnecessary and would have preferred they not be in the book but suspect they were placed to increase the over all number of recipes listed on the title. 18 sauce recipes to be exact. But some great tips listed and some unique recipes i.e Tempura recipe for veggies, a number of recipes to make your own Veggie Chips(potato chips clones) Fried string beans Smokey BBQ Ribs Coconut Shrimp Fried Buffalo Wings Apple Pies Berry Crumbs. These are a few of the options and a number of made from scratch recipes for doughnuts cake Pizza dough to make in the air fryer. A quick reference guide will be the most valuable page in this book for many of us...as will the TIPS listed in the front of the book. Over all a good addition to your cookbook collection to get the most out of the air fryer The Air Fryer gives you amazing and crisp results..... Just follow the directions and you will be singing the praises of your new Air

Fryer and creating all sorts of new fun meals and snacks to enjoy....

Would have liked more common recipes.

Love ALL the different things we can prepare in this and stay healthy. We can even heat up things in this instead of using the microwave which prevents things from getting tough. Love making cake for two ans cupcakes as well. Did I say we LOVE IT??!!!!

I needed this added to my cookbook collection due to having a T-Fal air fryer. Excellent recipes, easy to follow. Besides, Todd English is a really good chef.

Nicely done with amazing pictures and recipes.

Love, love this book. So educational he covers all areas that I might have had to question.

I contains very descriptive and unique dishes that I can hardly wait try. And it contains a chart for general cooking times for the most common foods.

Good first cookbook for air fryer
