Customer Reviews

Lodge Cast Iron Nation is not only a great cookbook, but a great reference for how to take care and if need be restore a cast iron skillet.

Very nice recipes but a lot of them call for specific spices that one usually doesn't keep in their pantry. I will say that I've bought some of the spices and the food tastes first class. It was worth the money.

Amazing recipes in here. Great for a cast iron junky, paleo/keto, or someone looking to change things up.

I enjoy the tips and the recipes in this book and have cooked a few of them, all of which were received well. The pictures are all really well done and I like the little bits of background information on the different chefs. It also looks good on the coffee table in the living room. I enjoy cooking with my cast iron pans so I'm glad I picked it up.
