LSAT Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the LSAT Exam. Not only does it provide a comprehensive guide to the LSAT Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. LSAT Secrets Study Guide includes: A thorough and detailed overview of the LSAT A guide to the reading comprehension test An in-depth look at the analytical reasoning test An examination of the logical reasoning test Comprehensive practice questions with detailed answer explanations It's filled with the critical information you'll need in order to do well on the test the concepts, procedures, principles, and vocabulary that the Law School Admissions Council (LSAC) expects you to have mastered before sitting for the exam. The Reading Comprehension Test section covers: What are your options Active reading Breaking down the questions The Analytical Reasoning Test section covers: Rule busters Analytical reasoning questions Skipping problems: some advice The Logical Reasoning Test section covers: Logical reasoning section Red herrings Logical reasoning basic concept New information questions Parallel reasoning questions These sections are full of specific and detailed information that will be key to passing the LSAT Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual LSAT Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our LSAT Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

Customer Reviews

Although real LSAT questions were not advertised, I assumed it would be a great book to read for test taking strategies due the ratings. The first few pages made me second guess the book. Ear plugs are not allowed in the LSAT and leaving this in front of the book can really hurt someone's score if they don't plan accordingly. The organization and examples were subpar. I recommend buying the PowerScore Bibles, LSAT Trainer or Blueprint's material. They can be pricey, but this book does not give a comprehensive review you will need to score greater than a 150. I would not recommend this book.

This book is the longer version of the LSAT Quick Study. The explanations are more thorough, but otherwise, it is exactly the same. Another big difference is that this practice test is a full LSAT test. It has all 4 sections and an answer key, which helped. I think the practice test is a bit easier than the real test though because I suspiciously scored quite a bit higher on this test than on the real practice tests. I give it 3 stars because I already had a few other study guides by the time I bought this one, and I preferred the others. I returned this.

I would definitely recommend any test taker to use this book as a tool and as a study guide to master the LSAT test regardless if the person took the test. It helps in regards to understanding the basics and very self explanatory. Most importantly, this book provides great study techniques, strategies and explanations to why a particular answer is correct, identifies each question and finding ways to help a test taker overcome trap answers and challenges. I decided to pursue other opportunities and try different approaches in mastering the actual test. Therefore, I needed an extra boost and more tips in test preparation being so that I was familiar with taking the exam and I had

every single prep book made. After buying this book, I was confident that this book would help me to succeed in my LSAT journey.

I really liked how well organized this guide was and how each section had its own personally section that focused on the skills and tricks to help you succeed. I really appreciated the practice questions and the corresponding answers.

This was the first book I got to start my LSAT preparations and it was perfect. I didn't know much about the exam itself; I was unaware of the format and grading criteria and this book described it all. I love how it explained the different types of questions and provided explanations for answers.

this is not the correct item i need.

Great product would like a little more visual assistance to help with studying, but other than that the information in this book is very clear and easy to follow.

The book is thorough and intelligent, and is very helpful in understanding the structure and goals of the LSAT questions and test.
