Book by Stern, Robert C.

This brief paperback book is packed with action photos of US Marines in action in the Pacific War during WWII. Most of the major campaigns are covered. If there is any major drawback to this book, it is that there are only 2 or 3 pages of color photos, which might limit its usefulness to re-enactors or militaria collectors. Its main strength is the photo documentation of the Marines' island hopping efforts in the Pacific. It is recommended to anyone interested in a visual history of the combat record of the US Marines in WWII.
