Most of these are recipes for rolls, buns and pizza dough. Still, the bread machine does most of the work for you. You will simply need to remove the dough from the machine, shape it into the desired form, and let it rise before baking in the oven. Customer Reviews

I received a bread machine as a gift a few weeks back and I must admit I wasn't overly excited by this proposition...at first lol. I decided to try it out a couple days ago and I was amazed at how good the bread tasted. And that my friends is what lead me to this great bread recipe book with oh so many interesting recipes that seem endless for a formerly basic bread kinda guy. Cinnamon Oatmeal Raisin, Strawberry Rhubarb and Apricot Almond are all here and so many other choices. I can't wait to try some of these delicious sounding (& I'm sure tasting too) recipes.

We've quite enjoyed this cookbook. We're finally getting some use out of the bread maker we got at our wedding. The recipes in this book are much better than ones that came with the bread machine. We especially enjoyed the English muffin recipe and the cinnamon raisin bread. Even the basic bread was better than store-bought. We can't wait to try more of them!

I have an Oster CKSTBRTW20 Bread Maker (LOVE it). So far, I have made the recipes for Honey Grain, Sandwich, and Cheddar Cheese Bread. All of them turned out great! I'm looking forward to trying the Caramelized Onion Loaf as well as the Asiago Tomato Bread. More baking days ahead...Update - March 12, 2015: made the Caramelized Onion Loaf and it was so good! Even better with a smear of butter!

I just got a bread machine for me and wanted more recipes than the few that come with the book. This one is great for that. It gives me a lot of variety and we can enjoy a different bread every time I go into the kitchen. I don't think I have made the same bread twice. Because we live in a cold weather state, I make a lot of soup and nothing goes better with soup than hot bread.

instructions call for selecting regular or large load. My machine has 1, 1.5, and 2 lb. loaf sizes. the recipes may be good, but I have no way of knowing which loaf size to select.

Lots and lots of awesome bread machine recipes. It's current and uncomplicated.

I like to use a bread machine to make my own bread and the many different recipes in this book makes the task more interesting and end enjoyable.

This is for a gift, but the recipes look interesting. I would have liked to have some photos though.
