Customer Reviews

Apple watch is without a doubt, one of the most exciting devices to come out of the Apple stable in recent years. My daughter is a very big fan of this watch and I must say that this ebook is the perfect partner to every Apple watch. It's the most comprehensive ebook I've ever come across with. This ebook contains a detailed explanation on every features. Learn the basics and make the most out of your apple watch. A step-by-step guides are provided in this ebook and photos are also included to make it easier for you to execute the things you want to do with your apple watch. I highly recommend this ebook to every apple watch user.

I don't own an Apple Watch yet but after reading this book, my excitement of getting one has grown even stronger. This book is very informative and thoroughly explains all the features of Apple Watch. It contains illustrations that depict the actual photos of the Apple Watch showing its features. These illustrations help a lot in conveying to the reader the sophisticated features of the Apple Watch. For me, learning the advantages of Apple Pay from this book is very important in my considerations of buying this Apple Watch. Likewise, the voice interface feature (Siri) has also been taken into consideration.

I love Apple products and for some time now I have been considering getting the Apple Watch. This book explains the ins and outs of how the watch works and why you should get it. It is concise and delves deeply into how to work your watch. The author begins with how to set it up, setting up security, linking it with your phone, etc. The most important chapter was how to choose the right watch for you. There are pictures included. Then the book moves into how to interact with your watch, including loading apps and things of that nature. Everything has been included in this guide!

This is the complete guidebook for apple watch users. By reading this book I have learned lots of

information about apple watch. Still, I did not get apple watch, but I have found lots of advance user guides for this book. Actually, I got lots of motivation from this book cause I was really how amazing features in this gadget. I think this book is not only for beginners, but also for all users. By the help of this book I have learned about apple watch personalizing techniques, its app uses, communication techniques and many more. By reading this book I have learned about how to control media remotely from Apple watch. In a sentence this guidebook is most helpful and complete guidebook. I will definitely suggest this book to all Apple watch user.

There's been such a long wait for the Apple Watch to come out I bought it within the first few weeks that it came out but I didn't even know how to use all the features till reading this book. It's a very detailed user guide that shows how to use all the unique features this great watch has. Learning about the different apps really helped me because I didn't really know how to get full use of my apps before.

I am a long fan of iPhones and I bought myself an apple watch and wanted to learn more it, this book has a lot of good stuff on the different features, what to expect from the watch, how to clean the watch properly without damaging it, how to care for your watch and more. This book even uses pictures which helps to follow along which I liked. If you are thinking about getting an apple watch then this guide would be very useful.

I like this book. This book is your simplified and condensed guide to the Apple Watch and its possibilities and capabilities. You will learn a lot from this user guide book. You will be amazed of the capabilities of your Apple Watch. You can explore your Apple Watch through this book. This book will give you step by step procedure in every features of your Apple Watch. Thank you for sharing this book. It helps a lot.

This book guides you through the purchasing process and helps you choose the Apple Watch that's right for you! you'll also learn how to control media remotely from your Apple Watch. This book also explains how to use this device with Apple Pay and Passbook for more everyday convenience. You can also stay healthy and fit with essential exercising tips for the Apple Watch! Give it a read.
