# Corporations Law And Policy, Materials And Problems (American Casebook Series)

## Synopsis

Like its predecessors, the 8th edition of this casebook is based on the proposition that the best approach to teaching corporation law is to present students with a variety of problems that practitioners face, together with legal material relevant to their solution. This is supplemented with readings designed to give the student an understanding of the conceptual and policy issues that are influencing the evolution of the law. The first half of the book introduces basic business concepts essential to understanding business law including risk, valuation, and accounting. It presents problems relating to corporate formation, financing, and organization; the role of the corporation in society; the role of the corporate lawyer; and piercing the corporate veil. The second half of the book is devoted primarily to an analysis of fiduciary duties. It includes much new material dealing with the rapidly evolving area of corporate governance, including executive compensation, shareholder voting, and the relationship between state and federal corporate and securities laws. Recognizing its growing importance as the preferred organizational form for many businesses, the Eighth Edition adds new material dealing with the limited liability company.

## Book Information

Series: American Casebook Series

Hardcover: 1344 pages

Publisher: West Academic Publishing; 8 edition (August 14, 2013)

Language: English

ISBN-10: 0314277730

ISBN-13: 978-0314277732

Product Dimensions: 1.8 x 7.8 x 10 inches

Shipping Weight: 4.5 pounds (View shipping rates and policies)

Best Sellers Rank: #293,283 in Books (See Top 100 in Books) #126 in Books > Law > Business > Corporate Law #3179 in Books > Textbooks > Law

## Customer Reviews

The book having writing and highlighting is not a big deal. However, the binding is falling apart, and pages are ready to fall out of the book. Between pages 200 and 300, the entire chunk of pages is peeling from the binding. While the book is not entirely worthless as a rental, it is not a good feeling to think that you may be blamed for the degradation of the binding when it wasn't your fault. I hope this book is repaired before it gets rented out to the next student.

Well-written. Gets to the point without any fluff. A fairly easy read. Great book.

Book was in good shape just as describe...
