Customer Reviews

It's been super hard to find a study aid for corporations and partnerships, but this book covers a majority of the topics covered in my class. Other study aides only covered partnerships and other entities or just corporations.

I just love emanuels to write outlines, this is not an exception. Corporations is a challenging course because it was my introduction to the business side of law. This book saves the day!

I didn't even look at this book until the night before exams (big mistake). My Prof wasn't great at explaining Corporations, and I was very worried about my exam. The night before my exam, I pulled an all-nighter, doing nothing but reading this Emanuel's and taking notes on it. The book was amazing -- it explained everything clearly and concisely in a way my Prof never could. After reading this supplement, I could tell what she (my Prof) was trying (and failing) to tell us all along. I had a big advantage over people who tried to rely only on my Prof.

I'm really satisfied with Emanuel

Awesome

It helps :)

Yes

I can't comment on the quality of the supplement itself, but the text on the left-hand side of the Kindle edition is cut off and makes the product unusable. I was forced to submit a refund request.
