Got this for a gift for my sister-in-law, during the wedding planning stages and she really loved it! It's not something I would've gotten for myself. It's a little "young" seeming (but she's a pretty young bride, and is very creative so it was perfect for her). The pictures are cute and cover a wide range of themes and topics. It's a fun gift for a creative bride who likes to color.

Helps me to relieve that wedding stress...lol. I like this book.

Got this for a present. Full of great coloring pages, the bride to be loved it!

Love the illustrations! Perfect engagement gift!

Love this and the pages in it! 3 stars because I was really disappointed that the bottom corner of mine was bent which happened, I'd guess, during shipping.

Love this!
