Lori Wick is a multifaceted author of Christian fiction. As comfortable writing period stories as she is penning contemporary works, Lori's books (more than 6 million in print) vary widely in location and time period. Lori's faithful fans consistently put her series and standalone works on the bestseller lists. Lori and her husband, Bob, live with their swiftly growing family in the Midwest. --This text refers to an out of print or unavailable edition of this title.

Really loved this book but my advice would be to read this series consecutively. I read the first two and then came back to read this one after reading several other books. I found that I had a hard time keeping all of the characters, homes, and relations straight. Would have been much easier if I had just kept going until the series was completed. Really lovely series though. Especially love how

Wick writes her characters faith in action--part of their daily lives, as it should be. Also loved the wonderful scriptures and the application to each individual character and how the same scripture applied uniquely to each individual's situation. Wick does a fantastic job weaving the Word seamlessly into her stories. Would recommend to anyone who enjoys great Christian fiction.

Love this book love this series love this author!!!

Another great book in the series! Loved the description of that era! It felt like I was living in that era! I am a Christian, so loved the Bible verses and references in the book! Loved that the main characters wanted God's best for their lives, and how God used circumstances to bring the two main characters together and finally to have them marry in God's will!

Happiness and light in typical Lori Wick fashion. Not her most engaging story, but definitely in line with many of her books. The Pursuit is my favorite story from the English Garden Series, and I bought it to finish the series. A little preachy in spots, but it IS Lori Wick.

Always enjoy Lori Wick. Great spiritual lessons learned while enjoying an English setting.

Very good story

Great Writer

This entire series was absolutely fantastic. Three of us read it and all agreed it was great. Good story line with enough Christianity weaved in it but not pushed down your throat. Just enough to make you go read and have some faith.
