This book first of all has a great look, feel, and overall presence about it. It does seem to have something for most every situation, or at least ones that come close enough to complete the same purpose. What I like most is the grouping of like-specific spells, the fact that there are no page numbers, only spell numbers, and the fact that the needed "ingredients" for each spell are fairly

basic and most of the time seem to be easy to find or at least locate on or other source, and in many cases the only thing that may be missing is the proper candle color(s) and number of candles necessary for full effectiveness. At first I will admit I was a bit put-off by the fact there wasn't a downloadable version for the kindle, and then I realized the book was a hard copy...hmm I thought, better...Now, upon getting the book I am thrilled it is a hard-copy! The book is beautiful and there are vibes with this book just by me looking at it. This book is BETTER being able to be held and written or highlighted in if one so desires. Now I am glad about this a great deal, and consider me thankful. I love this. Perfect.

Interesting book. I wish the print was darker. It's on the light side so it's a strain on the no-so-young eyes.
