Not a good book. There is very little information on the reasons for going Paleo, or the Paleo regime, and what information the author gives is chock full of errors and poorly worded English.And

the recipes have been created by hard working health bloggers and used here without citation and some of the recipes contain non-Paleo ingredients so they are not even Paleo! You won't learn anything about the Paleo lifestyle from this book. Instead try something by a knowledgeable author like *The Paleo Answer: 7 Days to Lose Weight, Feel Great, Stay Young* or *The Paleo Solution: The Original Human Diet* or try the abundant information and recipes that you can get for free on the internet.
