"If you want to begin the year eating more healthily, this is a good place to start." -- People's Friend

I have already made several of these and plan several more in the immediate future. Delicious, simple to prepare and all ingredients readily available at my grocery store. One trip to World Market filled in the very few gaps. My family loves them and they are quite satisfying and nutritious.

I am learning to make meals for one and the variety in this book makes me smile. I appreciate the work that went into writing this.

Delicious and healthy recipes that are fun to prepare.

Good variety of recipes and ideas for bowl meals.

It was a book we were looking for

Totally found some new ideas for quick healthy dinners.

This book has absolutely transformed my life!! Delicious, healthy, filling, low cal meals that make me forget that I'm "dieting". I wish I had this book 20 years ago!

Oh yeah- this was what I was looking for! We have one of those households where everyone ( except me- the cook ) has food issues of one kind or another. I am hopeful that I can use the great variety of yummy looking bowl recipes in this book to keep everyone happy - they can add or skip what they want!
