## Customer Reviews

There are some fun recipes in here. However, most are hot and my kiddo is not into eating hot food cold later.

No pictures!

It has a lot of great recipes.

Awesome book, the ideas are great, with brand new takes on lunch. My daughter loves the variety, there is something for everyone even picky eaters :) I even use the recipes for my husbands lunch :)

Love this book...so much variety and ideas I never imagined. Easy to make recipes are included and great step by step directions. So glad I found this book!!

This is a great collection of easy recipes for breakfast and lunches on the go. The recipes are kid friendly, but I like them to be able to grab and go on my way to work. The recipes are divided into savory or sweet and there is a good combination to choose from from each category to round out your meal planning.
