Laughing Elephant houses one of the world's finest book and ephemera collections focusing on children's and juvenile art.

I'm a professional photographer and I bought these stickers to decorate some vintage luggage for props for HS Senior photography and for use with models. Perfect, almost, the glue is relatively weak and so I've had to apply craft glue, but for \$9 how can you go wrong. Anyway, they look perfect, the kids love em and I've used the suitcase in a vintage pinup shoot and the model with the suitcases are published. From the perspective of a photographer and the use as part of a prop they complete the images perfectly, actually, the "luggage" pose are one of the most popular poses by HS Seniors.

The stickers look nice, BUT the sticker quality is very basic. These are not durable vinyl/shiny stickers you'd see on most suitcases, meaning the type that can withstand scratches or moisture. These are basically sticker cutouts that were made from a home printer that tear and fade with the slightest abuse. In a nutshell, they'll look nice on your first travel, but after that they're a torn or smeared shard of paper sticking to your luggage.

Bought the stickers for my wife to apply to her antique luggage. Very nice, good material. Came packed individually in plastic, arriving in a sharp gift box. Consider this next time your gift shopping for a person that has everything but loves nostalgic items.

good product!

These are great!

These labels arrived in a nice box. The labels were clear and not distorted.

Great variety. Used to redecorate a dresser into an aviation theme. Overlapped several stickers randomly on each drawer. Looks great! Fun stickers! Would look cool on an old suitcase or trunk.

Bought these for someone else, they stated they were nice and just what they were looking for... stickers for an old trunk.
