Customer Reviews

This book demonstrates quite clearly that if people in the South were prohibited from using similes and metaphors, they would be unable to speak. I grew up in the South and found many of these witticisms new to me. That shows that Southern figures of speech can be unique to a peculiar region or even within families. This book, although a bit bawdy at times, is entertaining no matter your heritage.

The book is a light, comical and easy read exposing the true southern sayings we all remeber our folks using here in the south. I'll remind folks that I've never heard anyone say they plan to retire and move up north. Come on down and join the fun and slower pace of the south and you will hear many of these "sayings" for yourself and it will bring a smile to your face just as the book will.

Loved it! Just what I was looking for. Lots of expressions that I had forgotten . Funny-just the way we talk. Love being from the South!

This is the best book to remember your childhood with. We people from the South have some colorful sayings and its fun to set back and read them and remember when someone said them. Just a fun book.

If you pick it up you will not put it down! Three sayings in I yelled to my wife; "You gotta hear this one... " then, "Remember this one?..." Getting another already as a gift.

My favorites were, you smell like you want to be left alone, her hair looked like it cought on fire and was put out with a brick. Some laugh out loud sayings. Enjoyed it!

Cute, I think the author was sitting around at one of my family reunions taking notes. Entertaining!

One of the most truly funny and entertaining books. It's a coffee table keeper. My friend Tim did an amazing job capturing the sayings I've heard all of my life.
