Carmel-by-the-Sea: California's Storybook Town Coloring Book For All Ages

Synopsis

See author page for video of book. Carmel-by-the-Sea, on the Monterey Peninsula in California, is known for its village like ambiance, fairy tale cottages, art galleries, shops and restaurants. Charming scenes are everywhere, a fence, a gate, a house or a dog can warm your heart. At the dog friendly beach you can watch dogs running, fetching and playing with each other and in the surf. Homes have no address numbers but many have names, the city was planned that way. Escape into a fairy tale house or scene in this color book for all ages. The 36 original hand drawn illustrations were specifically drawn for this color book so there is no heavy shading to interfere with your desired coloring. Drawings are about 7x9 inches, sized to fit an 8x10 inch frame if desired, just leave a 1/2 inch white margin. Printed on one side on medium weight white paper.

Jan Kohler, is Dutch for John, pronounced yan. He was born and raised in the Netherlands. His dream was to become an architectural illustrator and achieved that in Los Angeles after studying evenings at Santa Monica College and Art Center College of Design in Pasadena. In 1986 he became a freelance architectural illustrator in a traditional manner, hand painted in watercolor and acrylics. His work has expanded to other art forms and now book illustrations.

The book is delightful. I bought 4 and may order more. A great gift for young and not so young. Carmel is a perfect subject. The illustrations are outstanding not crowded in with tiny areas to try and

color which I really like. So whimsical. Highly recommend it for the price.

So thrilled to receive this book! The drawings and attention to detail are delightful. Numerous items to enjoy include: shorelines and seascapes, flower-filled gardens, thatched roof cottages, quaint shops, and unique storefront facades fill the many pages. Will bring back fond memories of travel to Carmel and abroad. I've ordered more as gifts.

The drawings are wonderful but I am disappointed in the quality of the paper. I didn't expect such things paper from a \$10 coloring book.

This book is awesome. I love the pictures for coloring but also the information about Carmel. Now my wish is that I can see them for myself.

A great coloring book. Living in this area when my son was born and then seeing this book made it a must have. I am so glad I purchased it. Brought back so many memories.

What a wonderful coloring book! If you love quaint cottages and architecture, you will think it's wonderful too. With all the adult coloring books out there, you can't go wrong with this. It ranks in my top five favorites.

Nice details and fun to color.

Delightful book!
