# The Development Of Disability Rights Under International Law: From Charity To Human Rights

## Synopsis

The adoption of the Convention on the Rights of People with Disabilities (CPRD) by the United Nations in 2006 is the first comprehensive and binding treaty on the rights of people with disabilities. It establishes the right of people with disabilities to equality, dignity, autonomy, full participation, as well as the right to live in the community, and the right to supported decision-making and inclusive education. Prior to the CRPD, international law had provided only limited protections to people with disabilities. This book analyses the development of disability rights as an international human rights movement. Focusing on the United States and countries in Asia, Africa, the Middle East the book examines the status of people with disabilities under international law prior to the adoption of the CPRD, and follows the development of human rights protections through the convention's drafting process. Arlene Kanter argues that by including both new applications and entirely new approaches to human rights treaty enforcement, the CRPD is significant not only to people with disabilities but also to the general development of international human rights, by offering new human rights protections for all people. Taking a comparative perspective, the book explores how the success of the CRPD in achieving protections depends on the extent to which individual countries enforce domestic laws and policies, and the changing public attitudes towards people with disabilities. This book will be of excellent use and interest to researchers and students of human rights law, discrimination, and disability studies.

## Book Information

Hardcover: 359 pages

Publisher: Routledge; 1 edition (December 17, 2014)

Language: English

ISBN-10: 0415524512

ISBN-13: 978-0415524513

Product Dimensions: 6.1 x 0.8 x 9.2 inches

Best Sellers Rank: #1,009,631 in Books (See Top 100 in Books) #127 in Books > Law > Constitutional Law > Discrimination #127 in Books > Law > Specialties > Disability #884 in Books > Textbooks > Law > Constitutional Law

## Customer Reviews

Arlene S. Kanter is the Laura J. and L. Douglas Meredith Professor of Law and Director of

the Disability Law and Policy Program at Syracuse University College of Law, USA.

An important text on disability rights. Kanter writes clearly and succinctly on the CRPD, it is a welcome introduction to those wishing to understand the CRPD better. Her arguments are cogent and articulate as pertinent Articles of the CRPD are further elaborated, drawing upon a personal and significant experience on the subject matter. References are excellent.

This is a complicated area. I found the approach very useful and informative.
