Fix-It And Forget-It Big Cookbook: 1400 Best Slow Cooker Recipes!

Synopsis

Finally, all in one handsome volume, the best 1400 slow-cooker recipes! New York Times bestselling author Phyllis Pellman Good has gathered the biggest collection of tantalizing, best-ever slow-cooker recipes into one great book. The recipes in this amazing treasure are all—Collected from some of America’s best home cooks. Tested in real-life settings. Carefully selected from thousands of recipes. Eight small “galleries” of full-color photos of delectable slow-cooker dishes from the collection add sparkle throughout the cookbook. Phyllis Pellman Good’s cookbooks have sold nearly 10 million copies. Her five beloved Fix-It and Forget-It cookbooks have themselves sold more than 8 million copies! Three of her cookbooks have been New York Times bestsellers. This is the perfect BIG COOKBOOK! Easy to understand, easy to use. Absolutely manageable for those who lack confidence in the kitchen. Convenient for those who are short on time. Will bring a “make-it-again” request from all who are lucky enough to enjoy these tasty dishes. Fix-It and Forget-It BIG COOKBOOK, with its 1400 best slow-cooker recipes, is another winner! Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We’ve been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Customer Reviews

Phyllis Pellman Good is a New York Times bestselling author whose books have sold more than 11 million copies. Good is the author of the nationally acclaimed Fix-It and Forget-It slow-cooker cookbooks, several of which have appeared on the New York Times bestseller list, as well as the bestseller lists of USA Today, Publishers Weekly, and Book Sense. The series includes eight titles. The most recent are Fix-It and Forget-It Pink Cookbook, to benefit the Avon Foundation and Fix-It and Forget-It Diabetic Cookbook, Revised and Updated, with the American Diabetes Association. Good is also the author of the Fix-It and Enjoy-It series, a series to the phenomenally successful Fix-It and Forget-It Cookbooks. Phyllis Pellman Good is Executive Editor at Good Books. (Good Books has published hundreds of titles by more than 135 authors.) She received her B.A. and M.A. in English from New York University. She and her husband, Merle, are the parents of two young-adult daughters. For a complete listing of books by Phyllis Pellman Good, as well as excerpts and reviews, visit www.Fix-ItandForget-It.com or www.GoodBooks.com.

This is an awesome slow cooker cookbook! It has to be the best one I have and soon to be the only slow cooker cookbook I'll own. There is such an assortment of recipes!! There is sure to be one to match your mood, the weather, crock pot size, ingredients available, occasion, hair color you name it, haha. I was so surprised by how many recipes this has. Sure it has processed ingredients but there plenty with just plain ol' stuff in your pantry too. The book is huge but for its size I'm so happy it lays flat when opened! Nothing more inconvenient than using a can of green beans as a page weight while trying to hold your cookbook open. There aren't a lot of pictures but what there is is plenty for me. Sure I like pictures(nice to know what my dish is supposed to look like) but I can do just fine without. The little drawings throughout are cute and add a cozy touch to this book. (There's a piggie in the upper corner for the pork recipes, a loaf of bread for the bread recipes, a cow for the beef recipes and so on.) Nothing fancy but cute. There are notes and tips for some recipes as well as variations. There are recipes that are noted as being "light" or "meatless" too. I've made a few dishes already with great results. If one doesn't turn out how I like there is plenty more to choose from :) I think its very well organized and so happy I finally bought this book. The only tiny issue for

me is I wish there were a couple pages at the end of the book for "NOTES" so that I could write down my favorite recipes. The pages are nice and thick if you do decide to make notes next to recipes, so that's a plus. Some of my cookbooks have blank pages in the back and I've come to appreciate being able to jot down my favorite for a quick reference. Especially considering the size of the book it'd be helpful. But all us well, I still love the book! •

I really like this book! Some reviews state that recipes call for too many canned or packaged ingredients but I love that the ingredients are common & not too expensive. The book is full of little tips on the pages, & there are a lot of photos in color. Although there are recipes that are for the same dish, they have some differences. I love that it recommends which size crock is best for each recipe, & has nutritional info for some. I am happy to have it!

I have not really decided if I like this book or not yet. While there are 1,400 recipes, they are very traditional and standard for the most part. In other words, have not found much I could not have gotten off the internet. So, for the used price I pay, I guess it is worth it to not have to look them up. The book itself is nicely put together, organized well, nice photos (although I would like to have seen more), but too many variations of the same recipe in some cases. I mean really, how many recipes do you need for oatmeal - that never really turns out correctly - do you have to publish. There are some great tips about cooking with the slow cooker.

All most overwhelming, so many recipes. The recipes in this book are for all different crockpot sizes. Would be good for the "hook-up" crockpots as you can make the whole meal with these recipes. I bought one for my son & also one for myself. I doubt that my son will ever use his & I'm going to give mine to my sister as she does have 4 different size "hook-up" crockpots.

Good recipes however there are three or four of the same recipe just with one or two different ingredients, so really it's not 1,400 recipes since each recipe is just duplicated with a small variance of one or two spices or ingredients...

This is truly the only Crock Pot recipe book you'll ever need. Too bad I already bought a dozen others before I found this one. So many recipes you'll never use them all....but lots of choices when the pot is the only answer to an easy dinner put together in the morning.

Too many repeat recipes

My wife and I bought a new slow cooker on a friend's recommendation - she said her kids loved the stuff it yielded, and it was easy to make dinners before work and come home to prepared food. True enough, but we needed recipes. The author of this book came as a recommendation from the same friend, and when we saw this all-in-one extravaganza we decided to jump in. We've probably tried two dozen of the recipes in the book so far, and while all have been edible, we really only like about one in four. It could be us and our finicky palates, but I suspect it's a relative lack of spices used in many of the recipes. For example, a pork chop recipe called for cream of chicken soup, a chopped onion, and small amounts of ketchup and Worcestershire sauce. Again, the chops were good, but they could have used a little more flavor. We really enjoyed the Lasagna recipe, and clearly would not ever have considered making Lasagna in a slow cooker absent its inclusion in this book. Overall we're glad to have the book - we just do a bit of recipe triage beforehand to try and figure out if what is listed will taste good.
