Amigurumipatterns.net is a website that contains amigurumi patterns created by designers from all over the world. Joke Vermeiren started collecting patterns on amigurumipatterns.net and compiled this book with care. She enjoys picking up a crochet hook on a quiet winter evening. She lives in Belgium.

Amazing book for those of us who love crocheting amigurumis. Beautiful pictures and easy to follow directions. I have only found the time to make one of the patterns, but it turned out amazing and the person I gave it to absolutely loved it. I am looking forward to making more amigurumis from this book.

I ordered this book because I wanted to make that bird on the front. I haven't had time yet to try it, but I hope to have (and some of the others) it crocheted before Christmas. They all look adorable.

Very cute patterns! I love all of the Zoomigurumi books. Easy to follow instructions. Everyone loves all the little creatures I've made.

I love the selection in this edition. I've made Burton so far & critters in the #2 book & can't wait to make several from this one.

I love making the different projects in the book. These are very easy to follow and look great. I love playing with different colors in the projects.

I own the whole series of these amigurumi pattern books and love each one. Great variety in projects and easy to follow directions. Highly recommend.
