In this sequel to *Now You're Cooking* (a 1994 winner of both the Julia Child and James Beard awards), Corn calls upon Southern hospitality and candor to transform novice cooks into fearless hosts and hostesses. Clear, step-by-step directions and special workshop sessions on basic equipment and techniques (e.g., roasting and carving) complement more than 100 recipes for party snacks, beverages, holiday gatherings, dinner parties and breakfasts. Corn arms home cooks with a repertoire of easy, upscale fare. Creative but not too demanding, the recipes include Stuffed Artichokes, Winter Squash Soup, Grilled Coconut Chicken, Yucatan-Flavor Roast Pork and October Cider Cake. First-time hosts (and/or apartment dwellers), however, might wait to tackle the more ambitious instructions for Country Ham, a feast for 30 people that calls for marinating the meat in a five-gallon plastic bucket filled with 10 bottles of cider vinegar, two fifths of Bourbon and three liters of Coke (not diet) for three days. Nevertheless, amateur cooks are well served by Corn's guide, which also includes before- and after-party cleaning tips, menu suggestions, a bartending guide and a generous and helpful "Let's Talk" feature that offers such extra information as what the veining is in blue cheese and how to use paper towels as a sieve. In the follow-up to her award-winning *Now You're Cooking* (LJ 10/15/94), Corn assumes that the readers she led through the pitfalls of the kitchen in that book are ready to tackle entertaining. She explains "What You'll Need More Of" if company's coming, demystifies gravy-making and carving, and provides a game plan for making Thanksgiving dinner (some once-a-year-cooks would want the book for this alone). Once again, the recipes are really "step-by-step" (Do This First, Do This Second), but they are slightly more sophisticated or demanding. There are lots of useful lists and information-packed sidebars (Let's Talk) on almost every page. With Corn's help, fans of her last book?and other beyond beginner-cooks?may find themselves cooking food that is, as she says, "pretty high up there on finesse." Recommended for most libraries. I love this book. I also own the original *Now You're Cooking*. Elaine Corn gives great instructions, tips and the recipes are wonderful. I have used her books countless times when having company. I especially like the fact that she tells you the order of preparation and how to time everything. These books are great for college grads or brides. And the Chocolate chip cookie recipe in the *Now You're Cooking* book is the BEST.

Love the way her books are mapped out! Excited to throw a dinner party now with confidence!  
Thank you Elaine!

I received this book as a gift to "encourage" me to cook. Let me be clear....I HATE to cook!! This cookbook, however, has allowed me to cook as if I enjoy it and as if I'm good at it (which I'm not!). This cookbook is awesome for people like me because it breaks everything down--everything! There are side notes that tell you what certain ingredients are and where to find them in the grocery store. It tells you if you can substitute something else if you don't have a certain ingredient on hand. It defines terms like "poach", "saute", etc., for those of us who don't understand basic cooking vocabulary. Most importantly, it tells you how to prepare each dish and/or meal step by step in order so that everything is done at the same time. Because of this cookbook, I managed to successfully prepare an ENTIRE Thanksgiving dinner by myself.....and everything was delicious and EDIBLE! Various family members have bought me a lovely selection of cookbooks over the years, including Betty Crocker & Better Homes. This is the ONLY cookbook I use.

I love this book! I have 'Now You're Cooking' as well and they are the two most used books in my collection. The recipes are for good, simple, full flavor meals. If you weren't raised in the chicken it can be daunting learning to cook, especially if you don't want to live off of boxed/canned foods. If you know someone moving out on their own, off to college, whatever, get this for them. It is fantastic!
