The Macintosh Software Guide For The Law Office

Synopsis

The 180 Mac-based software applications highlighted in this book enable lawyers to be more productive and efficient. This valuable guide shares information on those programs, including a thorough listing of law office Mac applications, links to useful Internet resources, and tips for making the best software purchases for lawyers' specific needs. Each listing includes full contact information, pricing, networking capabilities, descriptions, and key features. Also included are applications for special areas of law such as litigation, family law, estate planning, and patent law.
