A City Of Gardens: Glorious Public Gardens In And Around The Nationâ€™s Capital (Washington Weekends)

Synopsis

Few cities can boast the rich history and diversity of gardens as the Nation's Capital. City of Gardens provides a guide to 30 public gardens in the Washington area - a look at the traditional and the contemporary; the manicured and the naturalized; the aesthetic and the practical; national treasures and national parks. These gardens range from kitchen garden to historic showplace, from arboretum to downtown pocket garden. This newest guide in Capital's popular Washington Weekends series offers natives and visitors a rich array of treks through DC's gardens, with up-close and in-depth looks at the plants, the plans, and the personalities that shape them. It is an insider's guide to these remarkable spaces, highlighting designs and designers, new cultivars and native species, garden ornament and sculpture, greenhouse and gift shop attractions, garden trivia and historic tidbits. Web sites and directions tell visitors exactly how and why to visit each. Illustrated with spectacular black-and-white photographs, "City of Gardens" is a regional travel guide written by a highly knowledgeable garden-lover for all who love plants and gardens, botany and horticulture, and landscape architecture in a city rich in all. Barbara Seeber captures the essence of each individual garden, and her enthusiasm shines through in each chapter, making this is a garden feast - much more than a guide book!

REVIEWS "Planners hosting a group in Washington, D.C., can help attendees and their spouses explore the city's greener side with the book 'A City of Gardens: Glorious Public Gardens In and Around the Nation's Capital.' The book, written by a gardening expert and editorial manager for the National Geographic Society, Barbara Seeber, takes visitors on a tour of 30 of Washington, D.C.'s often overlooked public gardens, including historic estates, botanic gardens, contemplation gardens, and parks."Meetings East, 2004/10"This guide would be a welcome addition to any gardener's collection for its fact-filled pages and historical data, whether or not you still have your own garden. It might foster a trip to our nation's capital to see all these wonders."Marcella Gauthier, Escapees Magazine, 2004/12"Seeber takes you for an in-depth tour of 23 estates, botanic and contemporary gardens, and parks. Each garden description is broken down into sections focused on the garden's history, a walking tour of the grounds, notes on interesting and unique plantings and off-the-beaten-path features. Also included are a bird's-eye view of the entire experience and directions on how to find the garden. The depth of description for each location is impressive."Jim Wheeler, Lexington Herald-Leader, 2004/10/30"Kenilworth Aquatic Gardens, a 12-acre national park in Northeast devoted completely to water plants, is miles away from Washington's most popular tourist attractions. Nevertheless, it shouldn't be missed, says Barbara Seeber, author of 'A City of Gardens,' which includes a chapter on the Kenilworth gardens."Gabriella Boston, The Washington Times, 2005/07/10'A City of Gardens: Glorious Public

Gardens In and Around the Nation's Capital,' by Barbara Seeber gets close to home with helpful references covering the gardens of Washington....This handbook outlines its many gardens and offers some excellent interpretation of their features and spaces. The author has included complete information about 23 of the more prominent historic estates, botanic gardens, contemplation gardens and parks in the region. Joel Lerner, The Washington Post, 2005/07/23

Barbara Seeber, the D.C.-based author of *A City of Gardens*, a guide to area gardens says home gardeners can cop ideas from the *Friendship Walk*, a path linking the rose and Japanese gardens. It has some of the most wonderful shrubs you can grow in this area, like azaleas and witch hazels, Seeber says. Of course, they are shown off at their best here.

Emily Heil, The Washington Post, "Barbara Seeber, the D.C.-based author of *A City of Gardens*, a guide to area gardens (Capital Books, 2004), says home gardeners can cop ideas from the *Friendship Walk*, a path linking the rose and Japanese gardens. It has some of the most wonderful shrubs you can grow in this area, like azaleas and witch hazels, Seeber says. Of course, they are shown off at their best here." Barbara H. Seeber is a gardener, garden writer, and editorial manager at the National Geographic Society. She writes for several garden magazine, including Garden Design and Horticulture. She won the Garden Trowel Award from Garden Writers' Association of America for the Best Magazine Article of 1997. She is a graduate of Columbia University and the University of Texas, and a long time resident of Washington, D.C. Judy Karpinski is an award winning photographer and nature enthusiast. In addition to portrait and editorial work, she specializes in images of her home

town, Washington, DC

Great coverage of all the public gardens in the DC area

A relaxing alternative that I'm glad I tried.

A fascinating and useful guide to the Capitol's green spaces. It is obvious the author not only knows her subject, but loves it.

I left D.C. over five years ago for Southwest Louisiana. Ms. Seeber's wonderful book "A City Of Gardens" allows me the privilege to re-visit some of the most wonderful public gardens in D.C., such as Dumbarton Oaks and The Bishop's Garden at The National Cathedral, via a book. And, introduced me to a garden I have missed: "The Old Stone House," which Ms. Seeber astutely points out, "you could walk by and miss." For anyone interested in discovering the real splendors of the D.C. (and vicinity), the public gardens, there is only one source: "A City Of Gardens." Kudos, Ms, Seeber. This is a walk through my past, and a treasure of the utmost to anyone seeking the original and finest destinations in the Washington, D.C. metro area.: the glorious public gardens in and around our Nation's Capital, as the cover rightfully conveys.

Judy Karpinski's photos and Karen Thompson's illustrations enhance Barbara Seeber's A City Of Gardens, an impressively informative surveying of public gardens in and around Washington D.C. Any who live on the East Coast will find City Of Gardens to be an excellent destination-oriented guide which invites gardeners and tourists to enjoy the city's garden wonders. Notes on rare plants, old trees, and more pinpoint what makes each destination special.

Ever wish you had a book that had certain qualities, and then find one that just meets your needs? If you are interested in gardens around Washington DC, this is the guide book! I have quite a bit of free time this spring and wanted to plan several garden visits, but couldn't find anything other than detailed histories of some of the major gardens in the area. In a stroke of luck, I checked out from the library and liked it so much I had to buy a copy. It's a wonderfully detailed, yet readable description of each of the gardens with lots of nice historical detail without getting bogged down. I am very familiar with one of the gardens and found the description to be very good. It is aimed at the gardener, with descriptions of plants. A real joy for the gardener looking to explore the gardens of

Washington, DC.
