Also, because the issue of bacon continues to be an ongoing debate, bacon is a suggestion in a couple of recipes for you to consider enjoying on occasion if you desire. Finally, raw honey is used as a sweetener in several recipes, but can certainly be eliminated in most if you do not wish to include it.

Customer Reviews

I love this book use it almost every day

perfect

I've only just started to dip my toe into the paleo eating lifestyle. To get started I decided to change my breakfasts to paleo breakfasts, hence why I bought this book (plus it was only 99 cents). The book delivers on what it promises. It has paleo versions of egg dishes, muffins, pancakes, cereals and smoothies. Although I haven't gone through all of the recipes yet, the ones I've tried have been great. If you're interested in eating the paleo way, this book will help you get started (with breakfast, anyway).

Useful and delicious recipes. I bought the whole series.

This cookbook has lots of great recipes for my new way of eating.

Freebie - you get what you paid for...

Almost all seem to be egg based. Was hoping for more novel breakfasts

I only wanted recipes, not a lecture
