# Bites On A Board

## Synopsis

Delicious recipes and creative presentations served up on a board. Cutting boards aren't just for prep anymore. From classic charcuterie boards with prosciutto, olives, and roasted figs to luscious dessert boards with mini cheesecakes and red-wine ice-cream bites, food stylist Anni Daulter shows creative hosts how to make the most of their boards and serving platters. With rustic, trendy, pickled, and even culturally-inspired boards and recipes, the last thing you'll want to do when you're finished cooking is put away the cutting board. Anni Daulter is a professional cook, food stylist, and author. She founded the baby food company Bohemian Baby and the magazine and website Sacred Pregnancy. She has styled food for several books, including *Meringue*, *Caramel*, *The French Cook*, and *Mashed*, as well as authored *The Organic Family Cookbook*, *Ice Pop Joy*, *Sacred Pregnancy*, and others.

## Book Information

Hardcover: 176 pages

Publisher: Gibbs Smith (March 14, 2017)

Language: English

ISBN-10: 142364574X

ISBN-13: 978-1423645740

Product Dimensions: 8.9 x 0.9 x 9.6 inches

## Customer Reviews

This book presents beautiful pictures of food, close-ups of single dishes and composed meal presentations. It has a fascinating collection of international boards - Indian, Thai, French, Italian, Mexican, American ... . Each of these meal/boards is described in evocative language and has hints both for the presentation and finishing touches. However, as one reads the recipes there are some questionable choices. For example, soda and lemonade require fresh whey - an ingredient not easily obtained unless one makes their own cheese. The bread recipe calls for blooming the yeast, a step that King Arthur Flour says is not required with modern yeasts. The ricotta cheese lacks the standard warning that ultra-pasteurized milk is less successful. The number of servings that recipes

make are not consistent within a single meal. Some plates include deserts with melted components that may cool too far before the diners are ready. As for the beautiful photogenic presentations, so become problematic when one tries to scale to a typical meal. Many of the presentations extend beyond the visible boundaries of the boards. The time required in thrift stores to amass the appropriate serving pieces would be prohibitive for some readers. So although I love the key principles of this book on presentation and I appreciate the offering of recipes tied to specific presentation, I can only recommend the book as eye candy and as examples of interesting presentation.

Annie is truly an artist. The layered flavors and beautiful presentation is beyond inspiring! I can't wait to organize my next get together! Thank you Anni!

Love!!!

The recipes are easy to follow and delicious. The photos help guide the process of how to create the beautiful borders the author recommends
