This is an amazing book of recipes! The instructions are easy to follow and the author provides little tips that he'd discovered along the way that make all the difference. I also really like that in the back there is an index of simple recipes that are used throughout the book (for things like sweet yeast dough - CINNAMON ROLLS, OMG - different sauces, etc.). This book also has a great smattering of different breakfast foods that would suit anybody who is indulging to anybody trying to watch their figure. I can't wait to cook my way through it!

We have tried three recipes so far. The almond encrusted french toast turned out good but not so wonderful that we wanted to try it again. But the cinnamon rolls with cream cheese frosting and the biscuits and sausage gravy were phenomenal...out of this world kind of good. It was worth the price of the book just for those two recipes. The biscuits could easily stand on their own and were delicious with butter and honey.

Easy recipes for breakfast.

Lots of really interesting and different recipes for breakfast and brunch items -- we haven't tried anything from this book we didn't like. Some of the recipes could even be used for a light supper or as appetizers, there is that much variety.

So many delicious recipes! A perfect addition to a wedding present!

I love this cookbook. From sweet to savory, every recipe I have tried has been delicious.

Fast shipping , the book is new !!! . Thank you .
