## Customer Reviews

Since I started my classes for my degree to be a Paralegal, I remember instructors always referring to Black's Law Dictionary. So I saw this one and decided to order it. And I LOVE it!! It's more than a dictionary. It has Appendices in the back for Abbreviations, The U.S. Constitution, Time Chart for the United States Supreme Court, Organizational chart for the United States Government, and a Table of British Regal Years. (Haven't looked through that yet) Like I said, it's a must have for anyone working in, studying, or just interested in law.

Worth its weight in GOLD, especially if you need legal info on what legalese means. I have difference versions. This is best one with most content that I have Would buy again

I had lost my original copy during my move from Chicago, which followed my graduation from law school. I searched high and low for this edition. The copy purchased on [Amazon](#) is in perfect condition! No dog eared or highlighted pages. The covers are pristine, with no plemishes whatsoever. And it only cost me \$7 dollars!! I could not be happier. I plan to will it along with my home law library to my daughter who begins law school next spring. I have purchased other items on [Amazon](#) and have been more

than satisfied with the quality and pricing of these items!!

Excellent research book. A must have

This great dictionary helped me get through the legalese of case law. I love it, and frequently catch myself perusing it for unfamiliar words. I like how it goes into depth on important topics (e.g. the word "mortgage" gets an especially long treatment). All in all, it's a very worthy law dictionary, and I am very pleased to have purchased it.

Great shape

great!

Average condition.
