Well, that might be an over statement, but this is another kind of missing persons unexplained that will creep you out. Well written , these are the kind of stories best read to others with a campfire or flashlight in the dark. Just don't read them alone

Fun book. Very original stories. Hope the author brings us more.

I found this book to be entertaining. Stories are creepy, but not actually scary.

Loved the stories and plan to buy more Stephen Young books. Wish they were longer though.

It wasn't too bad overall. Lost interest in the parts i personally have no interest in.

Some great stories to make you nervous the next time you go out into the woods!

Fantastic read! Exciting from beginning to end! Highly recommend.

I don't usually like every story in these kind of books but this one was different. Every one was great.
