easily the best supplement I've used in law school. Not only does Freer write in an incredibly concise, simple, easy-to-understand manner, but this outline is extremely well-organized. Was absolutely invaluable to me in outlining for civ pro I and II. Civ Pro is challenging material, I honestly wouldn't have gotten through it without this supplement.

Civ Pro is a TERRIBLE course, confusing beyond champion Jeopardy material in some places. Rich Freer makes it simple in this (and in his Barbri lectures).

Great book, it complements its larger supplement. Also this is pretty up to date and helps when it comes to outline and test prep.

This guy is awesome. Loved this book. Hated civ pro.

Richard Freer is "da BOMB!" Nobody knows more about teaching Civil Procedure to law students. This book is highly recommended for all students struggling through CivPro. All of Richard Freer's teaching materials are top notch, and this book is no exception.

This book is okay to get the basics of civ pro down. But contracts is by far the best one out of the short and happy series. Read this only if you're going into the test literally knowing nothing.

It breaks down the cases and walks you through how you should address each issue on the exam. Highly recommend!

This is a good summary. Not as good as the Torts version. But easy to read and follow. I recommend.
