Customer Reviews

This was one fast moving little book. Characters were interesting, well drawn and the story was one

that kept my attention, kept me going.

Guilty Innocence is one great story. Troubling, realistic and touching characters that will draw you in and take you to the end! You won't be disappointed!

Really enjoyed this one! Well-developed characters, very realistic and heavy life circumstances. Intriguing twists I didn't foresee. Uplifting hope in good over evil through humility and courage.

This book is so engaging it was hard to put down. It should be made into a movie, wow what a thriller it would be. Loved it

Good read! Fast paced, loved the characters. Could not put the book down. Look forward to reading more books from this author.

Thankfully this book was tastefully written and not identical to actual events otherwise there's no way I would have finished it. Maggie James had just enough detail but not too much to turn me off.

This book by Maggie James was truly very "scary". A "thrilling thriller" if you like. I found (as with other books of hers that I have read) that this book was well written and credible. I had to read the whole thing in one sitting - and have already recommended it to several friends. Jake

I've lately become quite a fan of the author and have enjoyed some of her other books so I knew this would be equally good. I have to admit that I spent much of the book truly disliking Natalie and her sneaking, deceitful ways. Even if Mark were guilty no one deserves a girlfriend like that. It's a testament to the author's talent that she can write such a disagreeable character who provokes such a strong response. This was such a deep, dark, thought provoking story. It was a fast read but it stayed with me even after I turned the last page. Mark's journey and struggle to prove his innocence was so emotional and suspenseful that it left me mentally exhausted but it was totally worth every moment that I spent holding my breath! This was another excellent book by a truly talented author. Thriller fans are sure to thoroughly enjoy it!
