## Customer Reviews

This is one great book which has many useful information on how to reach zen and practice it daily. The author perfectly sums up everything you need to know about this technique and how to use it in daily life. I am really glad that I found this book because I learned so many new things that I never knew before and now I am ready to reach my state of zen. I definitely recommend this book!

I have heard about the wisdom and the inner peace that Zen Buddhism can give to any one so I decided to try reading a book about it and try this myself. This book was very clear and useful read about Zen Buddhism. By going into the spiritual journey of Zen Buddhism I have found the way to a better and more peaceful life. I like this book because it introduces the Zen principles very simply without any complications like most books does.

I've done some mediation in the past and I wanted to try something new and different so I picked up this book. This definitely took my self awareness to another level. Some of these techniques I used for the first time and it was extremely powerful. I highly recommend this book.

Meditation is something that we all must do for a better life. Actually, what is meditation? What is zen? How it benefits you? How can you practice it everywhere? You may have these questions before buying the book. But once you have the book and read it thoroughly, I assure you that you will get all the answers. Nice work from the author. I enjoyed reading this book and you'll also.

This is a very good book to read; a lot of useful information and guidelines on how you can practice Zen anywhere in your daily life. I know that Zen meditation gives a lot of healthy benefits and it can help ease stress. Jen did a great job on creating a very informative book like this and I commend

her for that. It is indeed a good read and I highly recommend it to everyone.

This book is one great guide for all of us who want to learn more about meditation. It helps me to get deeper into understanding of Zen Buddhism. Zen is known for going beyond words, with the very specific purpose of catapulting the student toward the indescribable. I have learned how to practice it and how to apply it in daily life. I like it and I will recommend it.

Nice quick read. Took the edge off. Kaon and types of meditation suggested where doable. I do hope they work.

Thank you for a great book. I loved it. I would recommend this to anyone who is interested in learning more about Zen
