Not as much information as I was expecting. Civil War covered in 4 pages? Thought this was an updated version of a book I used to have. I was mistaken. Not bad for someone in high school...I was just expecting more.

Very nice book, lots of great photos. My 10-year old grandson loves it. I'm going to get one for me!

Nice quality, well written. Easy single book reference. Only problem is the print is a bit small and make my eyes tired after a while. I recommend this book

great book...especially when paired with the beautiful globe!

A few pages about African Civilizations would've been nice.
