## Customer Reviews

I am going through a tough time right now and I feel really vulnerable. I bought this book for my kindle so that I could take it everywhere with me. There are more than 50 short and simple chants contained therein. I have used many of them and I believe my personal space and protection of my well being has been improved and strengthened.

Lately I have been reading books about Wicca and other religions. I purchased this out of curiosity. While I am not familiar with spells, I am with meditating and the power of intent. These spells, while very brief and simple, provide one the way to clear their mind so they can focus easier on intent. They may seem simple or childish, but that doesn't decrease their effectiveness. They are designed to clear out all of the static that resides in our heads so we fully focus on what we are trying to manifest. It's amazing how calming simple chanting can be. Easy to read with a good index.

I downloaded to my kindle. It has around 45-50 chants that are simple and easy to remember. Would be a great starter book for someone new to the craft or someone looking for shorter chants. For the price its worth it. )0(

love it simple and so fun to do no worries just say it and its all done. so quick and

This seemed like it would be a fun book that I could perhaps even get a bit of use out of. The book is perfect for beginners as it give detailed instructions on how to properly and most effectively use the chants. It is 100% all business, it doesn't waste your time with the usual fluff that many other books are so fond of using. It is a simple list of magical chants and what they are used for making it very easy to find the chant you want. Anyone looking to use chanting to calm yourself down or for whatever other reason this is a great starting guide.

I choose this rating because the chants were simple and easy to remember. I've bookmarked a few of them to use daily and I feel that a lot of the chants spoke to me and were a good fit.

These magical chants work. Nightmare Protection and Bedtime Blessing helped my child sleep soundly and peacefully throughout the night. I felt absolutely wonderful to see her waking up happily. Thank YOU! :)

I don't split hairs over words, there's too many in the world and no two people who speak the same language ever mean them exactly the same way anyway. I'm with some of the other reviewers, more into western Buddhist meditation than Wicca. So for \$1 you can't go wrong, and I found a number of pleasant and calming expressions I've started using.
