# American Politics And The African American Quest For Universal Freedom

## Synopsis

This dynamic and comprehensive text from two nationally renowned scholars continues to demonstrate the profound influence African Americans have had -- and continue to have -- on American politics. Through the use of two interrelated themes -- the idea of universal freedom and the concept of minority-majority coalitions -- the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans.

## Book Information

Paperback: 368 pages

## Customer Reviews

Hanes Walton, Jr. (1941-2013), professor of political science, University of Michigan, was an architect of the modern study of African American politics. Over four decades of prodigious research (including 25 books) and conceptual refinement he helped to make the subfield of black politics an important area of study in political science. His last book was *The African American Electorate: A Statistical Portrait*. Robert C. Smith, professor of political science, San Francisco State University, is the author of multiple books and articles and of the *Encyclopedia of African American Politics*. His most recent books are *Conservatism and Racism* and *Why in America They are the Same* and John F. Kennedy, Barack Obama and the Politics of Ethnic Incorporation and Avoidance.

Got it for a class. Found the info useful and allowed for critical thought and analysis.

My classes does not end until 8/8/16, but the book had information I was unaware of in American Politics.

I'm very pleased with the product and service.

Very good

The delivery was fast! The condition of the book was excellent! I am reading this book for one of my social work classes and it is pretty interesting!

Book was on time in great condition. Used as a text book. It works well for school cant say I would regimens as a casual read...

Excellent

I love it
