Synopsis

Deeply Disturbing Stories Youâ™ve Probably Never Heard Of |Get Your FREE BONUSES When You Grab This Book!The traditional âœspookyâ•ghost stories that we have all heard about, and have become acquainted with since we were children, usually start and end in a fairly predictable fashion. But beyond these fairly traditional stories of paranormal happenings, there is a whole category of tales that exist that defy this standard bearer Ghost Flagship with the sheer bizarre nature of the cast, characters, and plotlines involved. More than simply providing a good scare for those that are involved with such encounters, these instances of the bizarre truly leave them scratching their heads and feeling incredibly perplexed as to just what kind of strange reality they had just been brought into. In such strange cases, regular everyday people find themselves quite literally, just bumping into the trappings and denizens of a hidden world they donâ™t understand, and know nothing about.As mere, hapless bystanders, they found themselves in the process of beginning a strange journey that they had neither wanted nor prepared for. These accounts of such seemingly random trips down the rabbit hole of reality will leave you speechless...Here Is A Preview Of What's Inside...Bizarre Horror: Arianna Grande and the 7th Portal of HellBizarre Horror: Bizarre Entities in the PhilippinesBizarre Horror: Father Riesinger and the Army of SatanBizarre Horror: Washingtonâ™s Ghost and the ConfederacyBizarre Horror: Meddling Mother from Beyond the GraveBizarre Horror: Sad Haunting at Ball State UniversityMuch, much more!Grab this book today!

Customer Reviews

Max Mason Hunter delivers brilliant story telling in the form of horror by sharing true accounts of ghosts and other paranormal events in this kindle edition. I can definitely give it two thumbs up

As is usual for Mr. Hunter he has collected a great deal of strange and disturbing tales to keep you awake at night. I enjoy reading his collections as he doesn't seem to augment the stories with a lot of personal opinions on the subjects but allows the reader to draw their own conclusions as to the veracity of the event. I always look to see what he has out new as your sure to find some strange and chilling tales.

Really enjoyed these tantalizing horror stories. They are told very well and straight forward. The pace was moderate, and the stories scared me, since they were true tales. I do love books like these, and I'll be reading more by this author. :)

Good mix of stories. I believe in this kind of thing, so it was really interesting. Especially liked the George Washington one, and the last one. About the Mom who haunted her daughter.

Loved the latest book Mr. Hunter. I'll definitely be going back through your collection and reading some more of them. On the off chance that you read your reviews (and because I can't figure out any other way to contact you), I wanted to know if you'd be interested in an interview about the book for a podcast geared toward the exact topics you write about. If so, please comment back or email 1202podcast@gmail.com Thanks, Nate

I read this book in half an hour. It should be called what it is, a very brief short book. If you are prepared to buy it be prepared that there's not much to it.

Good book, easy read and deeply disturbing stories I'll never forget. Don't miss this book! Shorter than I would liked.

Good book, I liked the way the book was set up abs the overall tone.
